IMPORTANT WORK ON JAPANESE ART.

JAPAN: its Architecture, Art, and Art Manufactures. By CHRISTOPHER DRESSER. Illustrated with upward of two hundred engravings on wood, for the most part by Japanese artists. Square crown 8vo, cloth, uncut, gilt top. \$10.

* * * This is the only book published on Japanese Art Manufactures, for which purpose Dr. Dresser visited Japan expressly to study. No one can understand the subject, or purchase judiciously articles of Japanese manufacture, without first knowing this work. The illustrations are mostly by Japanese artists, and are among the finest they have ever done.

EVERY-DAY ART: Short Essays on the Arts not Fine. By LEWIS FOREMAN DAY. 12mo, with 80 Illustrations, cloth, \$3.

* * * Among the contents are chapters, viz.: On Ornament—Taste—The Nature of Art—Use in Ornament—The Rights and Wrongs of Imitation—The Rival Claims of Form and Color—How to Decorate a Room—Pictures in the House—To Ladies and Amateurs—The Ornament of the Future. By probably the best practical authority of the day.

NEW VOLUME OF
ILLUSTRATED TEXT-BOOKS OF ART EDUCATION. Edited by EDWARD J. POYNTER, R.A. Each volume contains numerous illustrations, and is strongly bound for the use of students. Price, per volume, \$2.

There is no branch of popular Education that has hitherto received less attention in this country than the History of Art. Architecture, Sculpture, and Painting have seldom been included in the curriculum of any public school, and are known rather as subjects of study for special purposes than as a part of general education. The history of their origin and progress is to be found only in expensive books, and has seldom been treated of in any popular form. This series is being prepared with great care by the most competent authors, and with a profusion of appropriate illustrations, and will be found well adapted not only for Educational purposes but for General Reading.

VOLUME VI.

With 80 Illustrations.

* * THE MOST SUMPTUOUS ART PUBLICATION OF THE YEAR.

THE French Society of Water-Color Painters (SOCIÉTÉ D'AQUARELLISTES FRANÇAIS).

OUVRAGE D'ART,

PUBLIE AVEC LE CONCOURS ARTISTIQUE DE TOUS LES SOCIÉTAIRES.
TEXTE PAR LES PRINCIPAUX CRITIQUES D'ART.

This superb work on the modern French School of Water-Color Painters will consist of TWENTY-FOUR STUDIES of 16 pages each, in 4to (12 x 18 inches), printed on heavy papier vélin, made specially for this work. Each Study will comprise FIVE SUBJECTS in photogravure, printed in color, both full-page and text plates; utilized in the form of frontispieces, ornamental initials, culs-de-lampe, etc., affording an altogether novel and charming feature of illustration. In addition, a quantity of pen-drawings, studies, and sketches from originals by the artist treated of, will be scattered in profusion throughout the text.

The work will be divided into EIGHT PARTS, each containing THREE STUDIES, making 48 pp. of text, with 15 subjects in photogravure and from 40 to 50 designs in the text, each part in a handsome cloth portfolio.

PRICE PER PART, - - \$9.

* * The parts will be issued at intervals of one month.

SUBSCRIPTIONS MUST BE MADE FOR THE ENTIRE WORK.

N.B.—The publishers announce that the price of the work will be advanced, upon its completion, to non-subscribers.

For the past five years there has existed in Paris an association of artists under the title of *Société d'Aquarellistes français*. This society is composed at the present time of 23 members, whose names are for the most part household words among art lovers, viz.: MM. H. BARON, E. DE BEAUMONT, LEWIS BROWN, C. CAZIN, EDOUARD DETAILLE, GUSTAVE DORÉ, E. DUEZ, L. FRANÇAISE, H. HARPIGNIES, F. HEILBUTH, EUGÈNE ISABEY, G. JACQUET, R. JOURDAIN, L. E. LAMBERT, E. LAMI, J. LE BLANT, L. LOLOIR, M. LOLOIR, MADELINE LEMAIRE, A. DE NEUVILLE, BARONNE NATHANIEL DE ROTHSCHILD, J. TISSOT, G. VIBERT, and J. WORMS.

An effort to unite in a grand work of art the aid and assistance of these artists—all of acknowledged first rank—was a project somewhat hazardous, but, thanks to the kindly reception and generous assistance received from each and every member of the Society, the undertaking is now an assured success.

Upon being made acquainted with the plan of the enterprise, the various artists have, with one accord, contributed, and, in some instances, have executed specially a series of Drawings in Water-Color, suitable for Frontispieces, Initial Letters, Cul-de-Lampe, and full-page plates. These have been reproduced by the Messrs. Goupil & Co.'s process of Photogravure with a success that is little less than marvellous; the plates in turn have been printed with the utmost care in different tints, using in each instance tones that accord best with the style and character of the subject, and afford the most artistic result. In addition to these more notable designs, each artist has contributed a considerable number of Sketches and Designs in pen and ink, which have been reproduced in exact *fac-simile*, and are scattered profusely throughout the text of his particular part.

To render the work complete and worthy in all its parts the descriptive text has been confided to the hands of writers of established reputation and authority in Art criticism, and comprises, among others, the names of MM. PHILIP BURTY, T. DE BANVILLE, JULES CLARETIE, A. DE LOSTALOT, RENÉ MENARD, E. MONTROISIER, CHAS. YRIARTE, M. VACHON, and A. WOLFF.

* * It is advisable that intending subscribers should send in their names at the earliest moment, thus securing copies with the earliest impressions of the plates.

To non-subscribers the price will be advanced on completion 25 per cent.
